EDUCATION

DIPLOMA IN ENGINEERING

Institute of Information Technology Bogura

2019 - 2023

SECONDARY SCHOOL CERTIFICATE

Darigachha Islamia High School

2017 - 2018

SKILLS

Hard skill:

Knowledge of cyber security concepts and tools.

Good understanding of networking protocols and security best practices.

Familiarity with Unix, Linux, and Windows operating systems.

Knowledge of security-related programming languages like Python and Java.

Vulnerability management. (Tenable)

web app bugs like IDOR, XSS, SQL injection, etc.

Wireless Penetration Testing.

Enumeration.

Open Source Intelligence (OSINT).

Cybersecurity professional with a strong interest in ethical hacking, penetration testing, vulnerability analysis, and network security. Hard-working, energetic, personable, and technical-minded individual.

Possess exceptional customer service and communication skills with the ability to multitask and resolve issues quickly. Currently in a cybersecurity role where I continue to develop and learn new skills while contributing to the organization's overall success. I also possess

- Excellent task management. Ability to handle multiple projects simultaneously.
- Experience with security toolkits such as Kali Linux, Metasploit, and Burp Suite Pro, Nessus.
- Proficient in translating information from technical to executive/management terminology.

EXPERIENCE

STUDENT INTERN

Creative Skills Limited.

2023 - Present

Responsibilities:
- Assisted in security analysis and vulnerability assessments.
- Conducted research on emerging cybersecurity threats and trends.
- Supported the incident response team in investigating and mitigating security incidents.
- Helped ensure compliance with security policies, standards, and regulations.
- Contributed to security awareness initiatives and educational programs.
- Assisted with documentation of security procedures and policies.
- Gained hands-on experience with security tools and technologies.
- Collaborated with cross-functional teams to address security-related issues.

Impact:
- Collaborated with the team to identify and remediate vulnerabilities, enhancing the organization's security posture.
- Researched and provided insights on emerging threats, aiding in proactive security measures.
- Assisted in responding to security incidents, reducing response times, and minimizing potential damage.
- Supported policy compliance, ensuring that the organization adhered to industry standards and regulations.
- Contributed to increased security awareness, resulting in fewer security-related incidents and improved overall security hygiene.
- Helped maintain comprehensive documentation, facilitating better security management.
- Gained practical experience with security tools, enhancing the organization's ability to defend against threats.
- Effectively communicated and collaborated with various teams to resolve security challenges.

tools

Nmap, Burpsuite, zap, Metasploit, Tenable Nessus, John the Ripper, Powerview, Bloodhound, Mimikatz, DirBuster, Impacket, Hashcat, Hydra, SQLMap, Wireshark, Responder, crunch, Aircrack-ng.

ACHIEVEMENTS

TryHackMe

- TryHackMe is a free online platform for learning cyber security, using hands-on labs.
- Globally in the top 3% ranking in the Tryhackme platform.
- The machine completed: Mr Robot CTF, Polkit, Active Directory, Simple CTF, Wreath, Linux Privilege escalation, and so on...
- URL: https://tryhackme.com/p/ahnaf9

Badges — tryhackme

Advent of Cyber 4, Advent of Cyber 3, Metasploitable, Hash Cracker, OWASP Top 10, Windows Priv Esc, Security Awareness, Linux PrivEsc, OSINT, Blue, Webbed, cat linux.txt, Ice, Wreath.

PUBLICATIONS

- Publication Title: Full Details About the Linux File System Structure and Function
- Publication Date: 30 August 2022
- Platform: medium
- URL: https://medium.com/@shahariarkazi80352

PROJECT'S

- Exploit Development Lab Build.
- Setting Up ACTIVE DIRECTORY.
- Setting Up LDAPS.
- GPP / cPassword Attacks.
- Credential Dumping with Mimikatz.
- PrintNightmare attack.
- Golden Ticket Attacks.
- Wireless Penetration Testing
